

Question from John in Pontiac, MI:

We just started to use 6.2 in a test environment. In the Asset Module I don't have the change status icon or menu (in the select action). Is it a Security Profile or design problem? Can you help me out?

Below is a screen shot of the asset module.

Our Projetechnology Expert Answers:

Yes. See shading below.

You will need to check 'Read?', 'Save?', and then 'Grant Access?' for the 'Change Status' option.

The screenshot shows the 'Security Groups' configuration page in Maximo. The 'Applications' tab is active, and the 'MAINTSUP' group is selected. The 'Change Password' option is checked for 'Read?' and 'Save?'. The 'Change Status' option is highlighted in yellow and has 'Read?', 'Save?', and 'Grant Access?' checked. The 'Options for Assets' section shows 'Change Status' with 'Grant Access?' checked.
