15th Annual Society of Maintenance and Reliability Professionals Conference, Louisville, KY, October 7-10, 2007 - Booth 410

PROJETECH INC. EXHIBITS AND LEADS A WORKSHOP AT THE 15th ANNUAL SOCIETY OF MAINTENANCE AND RELIABILITY PROFESSIONALS CONFERENCE

Cincinnati, OH, September 19, 2007 — Maintenance and reliability professionals attending the 15th Annual Society of Maintenance and Reliability Professionals (SMRP) Conference in Louisville, Kentucky at the Galt House Hotel & Suites on October 7-10, 2007 will have an opportunity to interact with Projetech, Inc. - a certified Maximo® reseller and leading service provider of strategic asset and service management solutions.

Projetech specializes in helping companies of all sizes control costs and improve efficiency through effective management of facilities, equipment, transportation fleets, maintenance personnel and IT assets.

Steve Richmond, CMRP, SMRP Benchmarking Committee member and Mack Parrott, PE, CMRP, will present a full-day workshop at the conference entitled "Solving the Mystery of Benchmarking: What it can do for your company." The workshop will be Wednesday, October 10th from 8am - 5pm. The presentation will articulate the value of doing a benchmark study and provide tips on how to take the frustration out of the process.

"This year we are excited to be presenting a full-day workshop at the conference," says Projetech President/CEO Steve K. Richmond. "We plan to encourage the SMRP community to participate in benchmarking, since the process is often misused and not clearly understood."

Projetech also will be exhibiting at booth number 410 at the conference. Attendees will be able to ask our Maximo experts questions and learn more about Projetech's proprietary eMaintenance® web-based service, Maximo 6 software, Maximo training and consulting support, and even demo versions of Maximo.

About Projetech

Projetech provides asset and service management solutions through their proprietary eMaintenance web-based service, as well as Maximo training and consulting. Projetech is an IBM Business Partner and sells licenses for IBM

Maximo 6 Software. Projotech is also the first IBM Authorized Independent Training Provider (AITP) Partner specializing in Maximo.

Projotech enables maintenance and reliability professionals from companies of all sizes to control costs and improve efficiency through effective management of facilities, equipment, transportation fleets, maintenance personnel and IT assets.

Established in 1990, Projotech has assembled a focused staff of industry experts to support maintenance and reliability professionals throughout North America.
