PROJETECH INC. ADDS SHIRLEY ALLEN HARLAN AS MANAGER OF CLEVELAND OPERATIONS

Cincinnati, OH, December 20, 2007 — Projotech, Inc, a fast-growing, Cincinnati-based partner, provider, and seller of IBM Maximo® Software, has welcomed Shirley Allen Harlan as Manager of Cleveland Operations.

“I am very excited to have Shirley on our staff as Manager of Cleveland Operations,” says CEO and Owner Steve Richmond, “She has a background of Maximo excellence, and has many new exciting ideas that will make her a great addition to our team of Maximo experts.”

Harlan is a graduate from the University of North Dakota, School of Communication double majoring in Communication and English. She then achieved her Masters from the University of North Dakota Graduate School majoring in Mass Communication. She comes to Projotech as an independent Maximo Consultant, after working at TRM and MRO Software, the original developers of Maximo. Harlan’s many hands-on experiences with multiple versions of Maximo combined with her strong background in education makes her the perfect fit for her role with Projotech.

“I look forward to implementing my ideas for our training program,” says Harlan. “As we grow as a company, our training program needs to reflect that and grow and evolve as well and I am excited to be a part of that plan.”

About Projotech

Projotech provides comprehensive asset and maintenance management solutions utilizing Maximo and offers their proprietary eMaintenance service, which is web-based. Maximo training and consulting is also available from the company. Projotech is an IBM authorized reseller of Maximo and is an authorized provider of support. Projotech is also the first IBM Authorized Independent Training Provider (AITP) Partner specializing in Maximo.

Projotech enables maintenance and reliability professionals from companies of all sizes to control costs and improve efficiency through effective management

of facilities, equipment, transportation fleets, maintenance personnel and IT assets.

Established in 1990, Projetechn has assembled a focused staff of industry experts to support maintenance and reliability professionals throughout North America.
