## **FOR IMMEDIATE RELEASE**

***Projetech will be exhibiting at the following show:***

*Enterprise Asset Management/Reliability Centered Maintenance Conference, Las Vegas, March 8-10, 2006, Booth #29*

## **PROJETECH INC. JOINS THE SHOW IN LAS VEGAS AT MAINTENANCE CONFERENCE EXPO**

**CINCINNATI, OHIO, February 12, 2006** – Maintenance and reliability professionals attending the Reliability Centered Maintenance and Enterprise Asset Management conference at the Orleans Hotel & Casino in Las Vegas this March 8-10 will have an opportunity to interact with Projetech Inc. - a certified Maximo® reseller and leading service provider of strategic asset and service management solutions.

Projetech specializes in helping companies of all sizes control costs and improve efficiency through effective management of facilities, equipment, transportation fleets, maintenance personnel and IT assets. “We are excited about participating in the expo at this conference,” says Projetech Marketing Manager Debbie Herbers. “And in keeping with the spirit of the city, we’re featuring a Las Vegas theme. Visitors to our booth (#29) will have an opportunity to play our own, ‘Projetech-tac-toe’ and win prizes. In addition, we’ll hold a special drawing for a grand prize.”

Maintenance and reliability professionals will also have an opportunity to learn more about Projetech’s proprietary eMaintenance® web-based service and its Maximo training and consulting support. As an authorized reseller of Maximo® Enterprise Suite, (MXES) Projetech provides Level 1 support to customers seeking to increase business performance through improved asset and service management. “Our goal is to help maintenance and reliability professionals improve efficiency by training them how to maximize the use of all the tools Maximo offers,” says Herbers.

As a recognized expert in the field, Projetech President, Steve Richmond will lead two workshops during the conference: *Be Brilliant with the Basics—Making Maximo Work*

and *Accelerating Implementation & Use of Maximo*. "Whether you have a Computerized Maintenance Management or an Enterprise Asset Management System, at some point you will use the software for regularly capturing maintenance activities," says Steve Richmond. "During my workshop I'll cover a basic overview and offer tips and tricks that will help Maximo users get the most out of their investment."

"I've discovered that once you've learned how to effectively use Maximo, it will in turn, increase your efficiency and help you become more effective in your work," says Richmond.
